CAR - CRASHING THRILLS.

SOMERSAULTING TO ORDER.

---

Picture. :-

Meet Captain G.V. Miller, from the United States.

He drives cars--

--(Makers' names not allowed) over, under,--

--between, and through anything.

These severe tests demonstrate the enormous strength of the car's--

--construction. (EFFECTS).

One might think--

--the driver was now a jig-saw puzzle, but the--

--car is still in perfect -

--running dis-order, and Captain Miller is still in one piece,--

--demonstrating his right to membership of the real tough guys !
