

A MONARCH AT PLAY.

KING OF SWEDEN IN TENNIS TOURNAMENT.

Picture.:-

On the shores of the--

--Mediterranean, the King of Sweden indulges in much tennis.

At the moment he is playing vigorous mixed doubles.
His Majesty is--

--a remarkable man. He is--

--77 years of age, and still plays an even game with
exponents like Mrs. Satterthwaite, his --

--present partner. Playing against them are Mr. and Mrs.
Robbins. Further than that--

--this is a doubles championship match. The Riviera
weather, of course, is now ideal. Summer sports are
already--

--well under way.

The King and his partner win their round.
