BLUEBIRD'S TRIAL SPIN.

SIR MALCOLM CAMPBELL AT DAYTONA.

---

Picture.:-

Sir Malcolm Campbell, with the Bluebird, is all--

--prepared to have a trial trip.

Sir Malcolm has invented a bull's eye--

--to aim at, and an oil line to--

--guide him on his amazing speed dash.

The incredible car is--

--ready; the O.K. is--

--given, and the world's fastest auto driver starts on a quiet little jaunt of 200 miles per hour, during which he easily passes our aeroplane. (EFFECTS).

(EFFECTS).
