

CAMPBELL'S NEW RECORD.

FIRST PICTURES OF ACTUAL DASH.

---

Picture.:-

Sir Malcolm Campbell breaks his own world's record. You have read about it. Now--

--you may see it. "Bluebird" warms up before taking the measured--

--mile to smash all records. (NATURAL SOUND) .

(NATURAL SOUND).

And that's how he did 276 miles per hour under very dangerous conditions. The state of the--

--tyres will give--

--you some horrid idea of what might have--

→ happened. But Sir Malcolm returns to Lady Campbell and the cameras to give the world his story.

(NATURAL SOUND).
