NEWS IN BRIEF.

- (3). Picture:- French ships of war leave the--
--shelter of Ajaccio Bay--
--for the open sea. These are--
--three units of the French Mediterranean Fleet undertaking
manoeuvres before--
--returning to Toulon. The ships encountered--
--gales which caused the minimum comfort with--
--the maximum wetness. The--
--wind is strong enough to lean against, as you--
--see. Extensive gun-exercises are part--
--of the program. But I--
--can think of easier things--
--than scoring a hit in seas like these. However,--
--hits are scored here;
--the shots coming--
--from a battery of flashing eyes. Paris holds a competition
to discover--
--the most beautiful--
--eyes. All the competitors--
--are masked, so--
--that the critical faculty--
--shall not be numbed by seductive--
--smiles and glittering teeth.
The judges decide on Number--
--Seven, and draw logs for Supper for Two.
