

QUEEN OF THE ICE.

SONJA HENIE IN BERLIN

---

Picture:- Once again Sonja Henie, the world's champion skater, and surely one of the world's most--

--graceful girls. Again at the Berlin Sports Palace she demonstrates her undoubted supremacy. A black rink illuminated only by reflection from--

--the ice looks almost like the magic cave of a fairy tale, and hardly a stretch of the imagination is needed to believe that elfin figure--

--apparently bathed in her own brilliance is indeed a fey. Eerie, floating, and spirituelle. Beauty, grace, and skill, which make one almost catch one's breath. (PAUSE).

Applause, an almost humble bow, and incomparable Sonja is lost in the shadows.
