

NEWS IN BRIEF.

(1). Picture.:- Edinburgh is livened up by the Gay Gordons. Three-hundred--

--and fifty of the 1st Battalion leave the grounds of the famous Castle to march down--  
--the equally famous Princes Street. It would have been--  
--almost impossible to buy a yard--  
--of ribbon, or emergency elastic from any--  
--of these shops now. All the girls are outside on the--  
--pavements, watching the waggle of the kilt. The reason--  
--of all this is that there are vacancies in the Regiment--  
--for a few more 'sodgers'.

(2). Picture.:- The ever-flowing of London's population--  
--into the outlying districts is responsible for the new--  
--Church of St. Francis, which is to-day being consecrated--  
--by the Bishop of London. The Church is on--  
--the Great West Road, at Isleworth, Middlesex,--  
--and Isleworth's Mayor and officials attend the ceremony of consecration.
