

LLOYD GEORGE IN THE

NORTH.

TOUR OF THE TYNESIDE.

---

Picture.:-

In pursuit of more ideas and ideals for the new deal. Mr. Lloyd George descends the steps below the Tyne bridges at Newcastle. With him are Miss Megan Lloyd George, M.P., and the Lord Mayor of Newcastle.

The river survey is to be the veteran statesman's inspection. The--

--Tyne Commissions launch takes him to Bishop Auckland, Jarrow, Hebburn, and other Tyneside towns, including South Shields.

Here a crowd greets--

--the party as they go ashore. Mr. Lloyd George looks--

--very fit, or as Newcastle's Lord Mayor says "in good fighting form". Anyway, he doesn't--

--worry about political re-shuffles,--

--if a new deal follows, and the cards are not stacked.
