NEWS IN BRIEF.

(1). Picture.:- Europe's only flying minister, Prince Starhemberg, vice-chancellor, and sport--  
--chief (whatever that may--  
--mean) of Austria. The Prince has just--  
--taken delivery from Britain of a new 'plane, and is just--  
--off for a trial 'flip' over Vienna. Austrian politics are quite pressing,--  
--and no doubt he--  
--finds it a real relaxation to sometimes fly away !

---

(2). Picture.:- Holland's blooms are blooming well--  
--this Spring. On this flower - - er--  
--farm, about three-hundred-thousand bulbs have done--  
--their best to make life bright--  
--and full of colour. Trees, --  
--too have responded to the call--  
--of Spring, and look almost as--  
--nice as those of the English countryside.  
(Said he with swelling patriotism).
