NEWS IN BRIEF.

(1). Picture.:- Europe's only flying minister, Prince Starhemberg, vice-chancellor, and sport--
--chief (whatever that may--
--mean) of Austria. The Prince has just--
--taken delivery from Britain of a new 'plane, and is just--
--off for a trial 'flip' over Vienna. Austrian politics are quite pressing,--
--and no doubt he--
--finds it a real relaxation to sometimes fly away !

(2). Picture.:- Holland's blooms are blooming well--
--this Spring. On this flower - - er--
--farm, about three-hundred-thousand bulbs have done--
--their best to make life bright--
--and full of colour. Trees, --
--too have responded to the call--
--of Spring, and look almost as--
--nice as those of the English countryside.
(Said he with swelling patriotism).
