GUN RUNNING.

JUBILEE ROYAL TOURNAMENT REHEARSAL.

---

Picture.:-

Practising for the Royal Jubilee Tournament. Lightning manipulation of field-guns.

This item is the Royal Naval Interport Field Gun Display. Leverage brings the immense weight of metal--

--over the wall. The ground between--

--is the supposed chasm. Men on the flying trapeze swing across with aerial cable, gear, and tackle for taking the gun assembly over. Patriotic small--

--boys may copy--

--this with a clothes line and beastead, when mother is--

--having tea with the Vicar, but don't--

--mention my name as having suggested it. There's the gun--

--over. All the bits are assembled, and none--

--left over. Are we winning? We--

--must be. A race against time to get into position,--

--and do it all over again faster!
