Picture:- On this Westmorland site, Manchester is going to spend--

--half a million pounds. Alderman Walker, Chairman of Manchester Water--

--Works lays the foundation-stone of the 100-foot--

--high dam. When the 15--

--million gallons extra water supply is ready for the--

--taps, this valley, including--

--the village of Haweswater will,--

--I understand, within two years be under the waters of the new--

--reservoir. But within a few days now the garments--

--these girls are making will be as famous.

All these sisters are sewing shirts and shorts for--

--soccer teams at the Wembley Final, with buttons which will stick--

--on, so one hopes. Silk is being used, and to prove their workwomanship,--

--the girls wear them, and get a kick out of it.
