Another fast set of people demonstrate motor-boat possibilities. If you think--

--of buying a few , this little lot could be secured--

--for thirty-thousand pounds. The show is at--

--Hythe, and if that one doesn't stop soon, we shall be in Hythe. Ah ! One good--

--turn deserves another. Forty miles-per-hour, with every comfort, including steward ready--

--to take his call at the first cry of, well, steward ! These are fast luxury cruisers,--

--fitted with modern kitchens, observation cabins,--

--arm-chairs, sunshine roofs, sun, bathing decks, and wireless sets. In fact, you carry--

--your own hotel with you, without the nuisance of having to sign--

--the register, and give yourself away.

The pilot of this one is Mr. Scott Paine, and look out, here--

--he comes ! Meet Mr. Scott Paine, designer, and record holder.
