SCOTTISH CUP FINAL.

RANGERS RETAIN TROPHY.

---

Picture.:- Shouts of "Up the Rangers" greet the cup holders as they appear at Hampden Park, Glasgow. They--

--are meeting the Hamilton Academicals in the Final for the Scottish Cup and for the Championship of the--

--Scottish League. Ninety-thousand spectators were present when the play commenced. If the--

--Accies win this match they will break the run--

--of success which has attended the Rangers, and give them--

--nine cup victories. The Academicals attacks are vigorous and stubbornly carried through, but the Rangers defense is just good--

--enough to beat a very good--

--side. The Rangers' goal-keeper has plenty to keep him busy during a game which is notable for clean--

--cut, well organised passing, and skilful accepting--

--of opportunities when they are offered. Despite the Accies--

--fine showing, the Rangers retained their--

--championship, and the Cup by two hard-earned goals to one.
