--in Hull for a long time. Now he is to be--
--brought low because--
--of the traffic problem. The whole business is rather undignified for a--

--Queens Dock. Councillor Tarran generously donated--
--the expenses for removal to the new site.

--worlds champion lady football team, while the--
--Lady Mayoress presents every fair hard-kicking lady with heather for luck in their match against--
--Parisian girl leather punchers. His Worship--
--the Mayor presents the Team's Manager with two pieces of heather. Considering said Manager has to manage single-handed 14 athletic females, it's little enough, Still! it's surprising what--

(3) --make a bolt for it at Morecambe. The Northern County's Women's Cross-Country--
--race started on the bang of a pistol. The girls--
--ran like hares. They may have been--
--afraid it was going off again. The heavy rain turned ditches banks into sticky slides, and many side--
--stepped and ran off with a cake of mud to introduce to a cake of soap later on.

The rain soaked winner was Miss Coulfield of Bradford Athletic Club.
