The Lancashire Walking Clubs' Jubilee--

--jaunt. Liverpool to Manchester.

36-miles non-stop foot slog ! An ambulance follows the walkers, but no-one is allowed to book seats in advance. Over fifty competitors dash away from Liverpool towards the sweeping grassy--

--slopes of Warrington's beautiful spelter works,--

--and the rolling dales of Manchester's Deansgate. T.W.Green,--

--wonderful, walking veteran represents Belgrave Harriers. Unfortunately after two bad turns, Green had to give--

--up at Irlam much to his disgust. Here Lloyd-Johnson has a bath in public, assisted by a lady.

Well, well ! At Manchester--

--the crowd cheers H.H. Whitlock of the Metropolitan Club on his win. Just behind him comes Lloyd--

--Johnson, Leicester. At an interview Whitlock said that the best thing to take--

--after a race like this is a chair.
