---

Picture. :- Johnny King, of Manchester, who once held the bantam-weight championship title, prepares to go out to regain it. At present, the title--

--is vacant, and the belt waiting to be claimed. Johnny King thinks it will fit him again, if he can take an--

--inch or two off his waist-line. Well, it may, but--

--Len Hipper Hampston has set his waist on winning it. Girls help him to skip--

--but he loses his nerve and starts running. He forget for a moment--

--that he is in training. Yorkshire, his home county, hasn't held a boxing--

--title for years, so he's--

--anxious to take one back. The Fight takes place at Belle Vue--

--Manchester, and may the best bantam deserve his spurs !
