- (1). Picture.:- Harold Smith, Olympic high-diver of American becomes--  
--trainer of the German team for--  
--1936, and--  
--if Harold Smith turns out--  
--his team to be as--  
--good as himself, they will take a lot of--

- (2). Picture.:-And so have the Bradford students.  
The Lord Mayor of the City proclaims the Rag--  
--open, and the ball starts--  
--rolling in a street hockey match on roller skates. The  
proceeds of--  
--the rag and those injured--  
--during the rag, go to local hospitals.  
I have no idea who wins,--  
--the match, but it's not--  
--of any consequence, anyway.

In Bank Street, we observe a spot of bull-baiting, and  
if there's--

--any prize for this, the bull--  
--should get it. The hind legs--  
--deserves the biggest whack,--  
--and probably gets it.

The bull gets shot anyway.

Imitation news-reel man. Tres difficile. Oh yeah !
