WHIT-WEEK WALK.

CATHOLIC CHILDREN'S MARCH.

Manchester's second Whit-week walk is for children of--
--the Roman Catholic faith. The Church of England youngsters
have already had their city--
--stroll. There are fifteen thousand in this procession,
all wearing white dresses, bought with pennies saved over
nearly a--
--year. The Lord Bishop of Salford is a prominent--
--figure in the proceedings, the idea having received his
blessing as in past years.
children
The device carried by the churches of the many churches
represented are mostly elaborate, frequently artistic, but
all denote the religious character of the occasion. A few--
--hundred youngsters determined to show their devotion walked
until they fall out--
--of the procession--
-- and had to receive attention from ambulance men. But for
the most, the event over which fine--
--weather presided, was a great outing and each mother's child
looked better than all the others !
