(4). Picture.:- Trinity Church, Bromley, Kent--

--has met its doom by--
--lightning. The steeple escaped--
--but the entire roof--
--was destroyed; the metal girders being--
--the only material to withstand--
--the fire. After the lightning struck,--
--the Church was seen to--
--be in flames. The damage is--
--estimated at £10,000. Mr.--
--Armstrong, the Minister, has the melancholy--
--duty of taking stock. Luckily, there--
--were no casualties.

(5). Picture.:- But the terrible weather did not prevent Captain Percival from being the first man to fly to Africa and back in one day. (EFFECTS).

He flew 23,00 miles, lunched in Algeria with friends, had--
--a camel ride, and arrived--
--back in London in time to dine. Small wonder his--
--admirers cheer and cheer--
--him. He's broken the meal eating record.
