THE WAR GAME.

YOUNG GERMANY AT MANOEUVRES.

Picture.:-

Young troops of Germany give--

--a monster display of the might of their arms under--

--war conditions at Hamburg, before an immense crowd.
Newly enlisted troops--

--demonstrate attack and defence with great precision
and discipline. The Battalion is the new Muenster--

--Infantry Regiment, operating with sapper and artillery
sections. This picture gives an excellent idea of
Young Germany's military spirit in manoeuvres.
