

NEWS IN BRIEF.

(1). Picture:- A rather unusual event. Pontifical High Mass--
--celebrated on a Race Course. At Beverley, the Lord--
--Bishop of Middlesborough, using the Grand--
--Stand as his Church, holds a service--
--commemorating the Martyrdom of John Fisher--
--of Beverley. The actual martyrdom happened 400-years ago,
but a few weeks back, Rome added his name to the Roll of Martyrs.

(2) Picture:- Almost as impressive is this annual--
--Service of the Order of Crusaders, Yorkshire Chapter, held
among--
--the historic ruins of Bolton Priory. The Unknown Warrior
in Westminster Abbey is patron saint and first Knight of the
Order. His anonymous sacrifice--
--symbolises the Crusaders' ideal of the highest duty to God
and Man.

The colourful ceremony attracts--

--many people. The lady on the left came in quite--

(3) --a hurry. And talking of birds, here are thousands and
thousands of homing pigeons being released at Berwick. It is--
--the People's Pigeon Derby. The number of entries this year
constitutes a world's record. After the race I was informed
that one of the birds arrived home the same evening, having
flown five-hundred-and-sixty miles. Several other wonderful
records were set up.
