

NEWS FROM ABROAD.

AMERICA ! The discovery of a high-speed thrill. Surf riding ! With a--

--fast outboard motor boat. What's the--

--betting that they stop on ! As a matter of fact--

for America, this picture is unique.

They bump, but they don't get bumped off.

---

FRANCE ! Paris teaches its youngsters --

--to be clean and--

--clever. Babies, fresh from the nursery, use the water as if they liked it. Falling over each other--

--to get in. Five and six years--

--old. Ups-a-daisy !

And here are the champions which the kiddies will water replace. Thus France develops its children's physique.

---

GERMANY ! Ten-thousand athletes give a massed display in the huge stadium of Neukolln.

This display is indicative of the interest being taken in the physique of Young Germany.

This is impressive enough, but the same thing is taking place in large numbers of centres all over the country. Proof that the--

--youth of Germany is being deliberately trained to become fresh-air-minded. Yellow press please note !
