DUCHESS OF YORK AT
MANCHESTER.

Manchester shows its great affection for the Duchess of York
---when Her Royal Highness arrives at the babies hospital.----
---After a great welcome, hospital officials are presented
before a tour of----
---the building is commenced, A----
---new nurses home and medical block has been added to the----
---hospital and these----
---the Duchess has consented to open. The President of----
---the Hospital hands to Her Royal Highness the key of the new ---
---wing. There is Lord Derby----
---who is escorting the royal visitor through ^{her Manchester} ~~his~~ days engagements.
The door opens, the----
---outdoor cots and their tiny occupants are inspected. ~~one~~
eighty of these convalescent kiddies were----
---spoken to by the Duchess as she toured the ward. When opened in
---1914, this hospital was the----
---first voluntary childrens hospital outside London specialising
in babies----
tummy ailments. Another one of the Duchesses many engagements
is a call at the famous Christy----
---hospital and Holt Radium Institute. This instute possesses
some of the finest and most -- ---
---up-to-date curative equipment in the orld. Twenty four thousand
pounds----
---have just been raised for the endowment of yet another
ward. Manchester is rightly congratulated by her Royal Highness
on the high standard of----
---its help for ailing citizens.
