

NEWS FROM ABOARD.

(a). Picture:- CHINA. In the province of Honan, five-thousand--
--people have lost their lives in floods. Cattle on farms were
almost--
--wiped out. The Yellow--
--River is responsible. Five times has it changed its course
over--
--hundreds of miles, engulfing everything in --
--its newly chosen path. Whole towns are been destroyed.
The inhabitants taking themselves, their families,--
--and what goods they could save to higher ground. A terrible
disaster !

(b). Picture:- America ! West Point Air Cadets are just about
to take their first--
--flip, under the instruction of--
--the most experienced pilots in the United States. During
the initial week's training, they will spend ten hours in
the air.

(c). Picture:- And now a real first-class American disaster,
all staged--
--to give an extra thrill in a dull--
--life. (EFFECTS).

Can you beat that ?
