

A.A.A. CHAMPIONSHIP FINALS.

Picture:- Snapshots from the A.A.A. Championships.

Throwing the discus was won by H. Andersson of Sweden, whose distance broke the British record.

Throwing the hammer won by E. Warngård, Sweden.

One sits down to javelin throwing, but the winner is again from Sweden.

Putting the Weight is won by--

--De Bruyn of Holland. Need I--

--mention all these names, especially--

--his. You will never remember them, and it--

--really doesn't matter. But here is the 120-yards hurdles race. Showing five of the highest steppers in the athletic world,--

--with D. O'Finlay--

--of the R.A.F. as high stepper--

--in chief. The long jump. If anybody--

--says this isn't a snappy review--

--of the White City Meeting, I will -- oh -- this is the mile sprint--

--final heat. Heat--

--is right ! The temperature is above awful in the sun. The last lap. Lovelock is ahead, but Woderson, a new name is coming up, and passing the champion. And--

--Woderson of Blackheath Harriers finishes victorious,--

--gery hot, but not a bit bothered.
