GLORIOUS GOODWOOD.

STEWARD'S CUP.

Picture:- There are two reasons why Goodwood might be called Glorious this year. .....

First, the word must apply to the weather, and second, because of the

'glorious uncertainty' of the big race of the opening day,

the Steward's Cup. .... It is, perhaps, the turf's greatest

gamble. .... The race is over six-furlongs only, so

it is little more than a helter-skelter.

Also, there is supposed to be, for this race, more than usual

in the "luck of the draw"; the higher

numbers being faced with less rising ground. Well, we shall see !

The favourites are practically all

well drawn, according

to the experts. ....

(EFFECTS OVER 2 SHOTS).

Near the finish the result is still a 'glorious uncertainty', but 'Greenmore' comes up to win from 'Almond Hill' by a head. ...

'Greenmore' was drawn Number Four, so once again the know-alls are confounded. .... First and Second are stable companions, ridden respectively by Sam and Harry Wragg.
