JERSEY "MAKES WHOOP E E"

BATTLE OF FLOWERS.

Picture:- Jersey is in extra happy mood to-day, in fact, she is

"sitting on top of the world."

The Flower Fete is one of the 'high spots' of the season, and everybody is at Springfield to enjoy the fun. .... "Enchanted" is the title of this charming float, but probably the most enchanting of all is Lady Godiva mounted on a horse made of white flowers. .... Thousands of Peeping Toms think the flowers very nice ! .....

A second-prize

winner is "Our Empire", of which Jersey is just a happy little corner to-day.

Another splendid exhibit

represents "Silver Jubilee Year", worked out in hydrangeas. ....

(EFFECTS TO END OF SHOT AND OVER NEXT SHOT).

The grand parade of decorated

cars reaches its climax with the appearance of a

huge basket of flowers. .... This is the signal for the battle

to start. (EFFECTS TO END OF SHOT AND OVER NEXT TWO SHOTS).

It seems you chuck a few flowers, then try chucking a charmer under the chin and if you're lucky, you are late home !
