(E). Picture:- AMERICA ! (of course !) A disgraceful exhibition of bad temper on the part of Fred Flighty and 'Arry 'Gund. Anyone who is super-affected by cruel sport should get out--

--the sal-volatile, because this beats cock fighting. It looks bad for the rooster, but he's too smart a bird to lose his head. After the fight they kiss. Another put-up contest ! I said disgraceful !

(F). AMERICA ! again ! This 'plane is nearly portable. Specially designed for Mr. Everyman and will probably be paid for the same way as his pianola.

The wheel in front is a new feature to prevent smash landings. Climbs 700-feet in a minute. Cruises at 90 miles per hour, and can land on a handkerchief, providing it's a big handkerchief. You will be able to run around everywhere with this little toy. Oh ! Stop him and buy one !2.
