

GOLDEN KEY TO HAPPINESS.

OPENS MITCHAM FAIR.

Picture:- Mitcham is famed for watercress, and fairs, and here is the annual fair. The Mayor, Alderman Fitch, and Mr. Bertram Mills as assistant ring-master, open the proceedings with a golden,

or maybe gilt, key. A real Mayor and Corporation key. Ex - ex - outside - - Mr. Bertram Mills, President of the Showmen's Guild, apparently overawes the young show people.

He arrived in his famous four-in-hand. This is Mitcham's first Fair since it was elevated to the dignity of a Borough.

But that doesn't prevent His Worship and Mr. Mills from having a three-penny worth of 'whoopie' on the round-about. (EFFECTS). (EFFECTS - 2 SHOTS).

That over the Mayor resumes his dignity and leaves, wishing the Fair every success. Of course, it's now that things really get going. And what you miss on the swings, you may pick up on the roundabouts.

And there's the Mayor again on the roundabouts. Hope he doesn't get giddy !
