COMPETITION AT MARGATE.

Picture:- Have you been to Cliftonville ? It's an awfully interesting place. There's always something doing ! This is the start of a contest to discover the best Sports Girl. A man at my hotel thought he had found her last night. Did not discover his mistake until after supper. Then her mother came too. However, back to the subject. This competition is not to be won by a girl's pretty face and look in her eye. The winner must be supple of limb and move gracefully. Some good judge picked this one, but it was quite unofficial, so I don't know what her prize was. After a lot of thought, the 1st, 2nd and third were chosen, and duly applauded by the unsuccessful Venuses.

Miss Joan Ockmore, of Kentish Town, won by a lovely neck. Joan has a twin sister

Edna, on the left, right, left ! Well that marshes me off !
