AMERICA - Tex Austin's World Championship Cowboy Contest. The ups

and downs of a Cowboy's life. That's one of the downs ! The competitors

are the world's picked cowboys, and they're still picking them - - off the 'ground.

Conservative M.P.'s in Rhonda Valley wouldn't find it more difficult to keep their seats than these lads. Now he's come unstuck. Those Broncho backbones

must be whale-bone. But here's a real

thrill. A steer gone wild nearly gets one of the rustlers ! But not quite. Cowboys are tough.
