PONY RACING.

NORTHOLT MEETING.

Picture.:-

What's wrong with Britain ? There is only one race meeting to-day, and this is it !

Northolt ! The card calls it the British Empire Race Meeting, so perhaps that accounts for it !

The race due to start is the British Empire Cup for five-hundred sovereigns and a gold trophy presented by His Highness the Maharajah of Kashmir. The twenty runners are just galoping to the post.

"Forest Maid" is the most fancied, but many runners multiply suprise possibilities.

The twenty are away to a good start on the mile-and-a-half race over the pony turf

Club's new course. "Carmenta" is making the running now, leading "Silver Spear" and "Odessa III",

but on the home stretch "Odessa III" overhauls "Carmenta" and secures leading position. She increases

her lead and passes the post, with a couple of lengths to the good.

"Carmenta" is second, and "Silver Spear" third. A good pony, which has brought a profitable return to place backers, but not so much as Odessa has done to its owner, Major Garrett. Half his luck !
