Picture.:-"For holidays try the Italian Lakes" say the posters. But why not the Italian country-lanes, winding through rolling country-side. A countryside which boasts an unrivalled richness in the song of nightingales.

(EFFECTS - 5 SHOTS).

Perfumed air giving life to man is in natural abundance, but man disposes. Scientific--progress has arranged that death shall be the portion of those who breathe certain country air at certain seasons.

But clear is the upper air.

The vault of Heaven ! Distance infinite ! Space illimitable ! Once the preserve created for birds of the air. But their lease has, apparently, lapsed. (EFFECTS).
