DRIVING INTO OFFICE.

NEW GOLF CAPTAIN.

---

Picture.:-

It is usual to fire people out of office, but this gun is to fire the Captain of the Royal and Ancient Golf Club into office. Provost W. Norman Boase, of St. Andrews, arrives to have the honour of election as Captain fired upon him. The new Captain's first drive is a signal for the fire-works. (EFFECTS).

And the finder of the ball; (said ball being purposey given a rough journey), receives a sovereign and a hand-shake, and being a Scots Caddy, he grips them both firmly, especially the sovereign.

And that's how Willie Cochrane seized and held his golden opportunity.
