

NEWS FROM ABROAD.

(a).

Picture:- AMERICA : Oregon supplies a holiday kick by driving two rail-engines towards each other for a head on crash, before the eyes of a crowd that wanna be thrilled. And will this do it ? (EFFECTS).

Bad show ! One turned yeller, and fell over before the punch came - - disgraced itself before the crowd. That's the worst of these heavyweight all elank, and no elunk.

---

(b).

Picture:- FRANCE - Lyons ski-ing enthusiasts get a brain-wave. A ski-ing track without ice !

It is sulphite of soda, and it is supplied complete with artificial leap, which can break a leg as efficiently as a real one. There they go, and it isn't everybody who can get a flying sensation as real as that on soda !! Here's an expert showing the effect it has on him !

There's no doubt that's a full-sized brain-wave. A great idea ! Ski-ing on shoda ! Shay when !
