CESAREWITCH STAKES.  
GREAT RACE AT NEWMARKET.

---

Like myself, I have no doubt you know enough about the result----  
--- of the Cesarewiteh by-----  
---this time. But just to let----  
---you see your horse-----  
---win, or not, as the-----  
---case probably is, here-----

---is the race. And there are the horses. Twenty nine of them off to a good start and on their way. Need I mention the melancholy fact that Tomosuk carried a lot of money and so did Doreen Jane, Shining Cloud, Polly Stevens, and other favourites or near favorites. Dont tell me what your money was on; no need to reopen old wounds; but the wife's new winter outfit will have to be a spring one and on the first cold overcoat day I shall smell strongly of moth ball. Well--whats happening now on the picture is that your horse is mistaking the race for a retreat-----

---and fighting a rearguard action. Some quite unknown and unplesan mannered animals are filling the first row. Its dreadful how social climbing has spread to racing stables. Near Relation, twenty-two to one, is first; Nightcap the Third, is second at twenty five to one and ----

----Hopligh third at a hundred to seven. Disgusting isn't it?
