

DUKE OF BUCCLEUGH

FUNERAL SCENES.

Picture:-

It is this Church towards which so many hundreds of thousands of people have recently directed their sympathetic thoughts. It

is the last resting

place of the Duke

of Buccleugh, Lady Alice Scott's father. In this Church of St. Mary at Dalkeith is the family vault, where the Duke will lie beside his father and mother. One of the tributes laid on the coffin was

a bunch of autumn flowers gathered by King

George's own hands, and sent as a

token of his sorrow for a

lost friend. Lady Alice Scott's grief will, we hope, at least in part be robbed of its poignancy by the happiness she will find in the Duke of Gloucester's companionship.
