

ALL-IN WRESTLING.

"MAN MOUNTAIN" IN ACTION.

---

Picture:- Man Mountain Dean, and Floyd Marshall, two nice little lads in shorts play a he-man version of the delightful game of tit-for-tat. Re-named the undertakers' knock. And that's one of them. Floyd Marshall decides to pick up Mr. Marmaduke Mountain. Now, faith may remove mountains, but not Lloyd Marshall. In any case, this man is a whole range of mountains with knobs. Ah ! ha !

a sock for Mountain, and a pair of socks for Marshall. The bout is

finished, except for - - Mountain's 17-stone carcass has added injury to insult. But he's a charming man. When he ordered his after the fight double steak and chips, he remembered to call the ambulance for his friend Marshall.

This is not the same match. It's a real full-grown tiger, trying to eat up his lady friend. If he bites her in the leg, he's no gentleman. No, he just steps on her perm.

Laura Roth, of California, 18 years old, has been warned against this tiger wrestling, and if she expects to grow up, she had better find another wrestling partner.
