"GYM" MATES TO FIGHT.

JOHNNY KING

and

JACKIE BROWN.

---

Picture. :-

Johnny King, bantam-weight champion of Great Britain, does fret-work at home. In the ring he tries to repeat the patterns on his opponent. Johnny also takes photos. He likes to picture his opponents as he first sees them. He leaves home ("Ring Side", please note) with his lady wife to do a spot of training for his fight with Jackie Brown. To his baby Jackie points out the stars which he is arranging for Johnny to see when the Fight comes off. Then he leaves home for a spot of training. They're both Manchester champions and their ring clash will put Belle Vue seats at a premium. It should be a real knock out !
