CHRISTMAS BEEF.

NORWICH FAT CATTLE SHOW.

---

Picture.:-

A Christmas beauty show ! If it were not for beasts like these, there would be no fat stock prices to make radio announcers blush. Both lady and gentleman competitors receive a last 'once-over' before submitting themselves to examination as fat cows, or beef on the hoof. The Norwich Fat Cattle Show this year has attracted a record of quality. The judges have many famous champion beasts to consider. Some of them coming from King George's herds. For the three years-old steer class, Captain Cator is awarded first prize for his 'Ranworth James'. The heaviest beast is this one. 18-stone - - what a - - nice animal !
