FEMININE FOOTBALLERS.

MATCH AT STAINES.

---

Picture.:-

The Staines lady "Traders" soccer team meets another team of

lady "Traders". Girls will be girls, and some girls will be footballers. The proceeds from the Match go to Staines hospitals - - take a seat, lady !

It's pretty chilly for the goal-keeperess, but mid-- --field play has its excitements, and the first-aid has its arnica.

Still, they keep up pretty well - - considering the soggy

state of the ground. In fact there's occasionally some quite good football, backed by lots

of pluck and enthusiasm. The "Traders" are not afraid to charge. I suppose they're used to that, and a good shot is saved by brilliant goal work. Oh ! Take another seat, lady !

There are many critical moments in a well contested game. Stand up ! And

there's good goal shooting. That's a good girl !
