Now let's join the ladies. The girl fliers Gladys O'Donnell, Beverley Dodge, Henrietta Sumner, Nancy Chaffee and Josephine Buckendorf.

This is at Long

Beach, California, and the girls are holding their own air meet, just to show what girls can do. (as if we didn't know). A one-wheel take

off ! And here's a perfect lady upside down.

A rather rare sight. The

crowd is thrilled. In these modern days girls have got

ideas. Often the hussies

just won't come

down to earth.
