WALES V. ALL BLACKS

THRILLING MATCH AT CARDIFF.

Fifty-thousand Welshmen all in one place welcome the All-Blacks to Cardiff. Walter Reece, the veteran Welsh secretary, shows the visitors the way, but the red-jerseyed Welsh side needs no showing. The betting is slightly in the All-Blacks favour but I wouldn't dare mention that in the crowd. The New Zealanders plan of campaign is obviously to make a great attack in the early part of the match, and destroy the morale of the home side. Woller is the All Blacks left winger, with Mitchell at centre. The visitors are pressing hard, but Wales puts up a terrific resistance. Look at that ! Ballscores a try for the Blacks, and soon after Gilbert puts over a drop goal. At half time Wales was three points behind. After that they kept the tapes on the ground. Their speed was terrific. Their tactics fierce and formidable. A great match ended with Wales victorious - thirteen points to twelve.

(EFFECTS)

The second time in thirty years that Cardiff has beaten the boys from Down Under. The Leeds always did have their strong side.
