"FRIGHTFULNESS" FROM THE AIR

U.S. ARMY BOMBERS AT PRACTICE.

Picture.:-

While the Naval Conference discusses whether aircraft carriers shall continue as weapons of warfare, the U.S. Navy keeps its present craft 100% efficient by manoeuvres and practice. Torpedoes are fixed.

Then the bird drops a torpedo in the service cheerily and aptly termed an egg.

(EFFECTS - 4 SHOTS)

Land squadrons also carry on the bad work. Bombs are fixed this time.

(EFFECTS - 4 SHOTS)

Charming idea, don't you think ?

Oh ! There goes a pair of twins - - clever pair !

(EFFECTS- 2 SHOTS)

Oh ! The squads. The Air Force must be up to date. (EFFECTS)

Good fun, providing we don't get serious about it !
