THE LINDBERGHS HERE
FAMILY OF REFUGEES.

Picture.:- Out of the Atlantic mists comes the solution of the Lindbergh mystery.

The mystery was - were Lindy, Anne and the baby really on board the "American Importer"?

At first glance the ship looked as deserted as a derelict. Press-men began to consider imaginative stories

which might placate their urgent editors, and supply a much demanded streamer headline. They almost sighed

with relief when the figure of Mrs. Lindbergh appeared, followed by Colonel Lindbergh, complete with baby. The endeavour to shroud their movements in mystery had the

effect of increasing

the publicity value of their arrival, but how in Britain

the harassed parents hope to find peace, so we wish them a restful holiday on safe sane British soil .
