"BIG TIME" BASKET-BALL.

INDOOR SPORT THRILLS.

Picture.:-

Basket-ball in the big lights commences in New York.

Eighteen-thousand people pay to watch it. So it's a serious rival to other indoor sports. There's a score ! It's called a basket ! But that's nothing to what the crowd calls their man

who misses. Another throw-up, and the opposing team decides to start in the basket business. By the way, the teams are the

New Yorkers against the West Coast, and the New Yorkers are

making rings round

the West Coast lads, or very nearly ! Our ladies' basket-ball teams should get a thrill

out of this game.

The New Yorkers score

41 to 26 - - baskets !
