On October the 19th 1934, King Alexander and --  
--Monsieur Bartou, French foreign--  
--Minister, were assassinated while driving through Marseilles.

Now at the Court House--  
--of Aix la Provence, three men accused of the murder, have been--  
--sentenced to imprisonment for life. They are all--  
--creats and were members of a terrorist organisation. They--  
--are going to France's penal Settlement at Devils Island,  
sailing shertly on the convict ship 'Martinique', known as--  
--the 'Devil Ship'. Some people sympathise--  
--but many millions more do not.
