BOLD, BAD BUCCANNERS

CITY SURRENDERS TO PIRATES.

Picture.:-

Bold, bad pirates again attack
Tampa, Florida, as
they did in 1666, or was
it 1777? No matter! Gasparilla was the name of the
no-gentleman
who led the skull and
cross-bones merchants of the Spanish main. In those
days it was a serious matter. Now
it's a sort of super bank-holiday, when every
person and thing goes gay. The excuse being aforesaid
murderous
pirate Don Jose Gasparilla, the spoiled grabbing dog.
I wonder if they
are as cold
as they are supposed to look.

Oh to be a brigand on a night like this!
