

TOMMY ROSE

-- AND TOMMY LANDED !

Picture.:-

Flight-Lieutenant Tommy Rose arrives at Greydon at the conclusion of his record-breaking Cape-to-England flight. (EFFECTS)

(EFFECTS)

He has beaten the Llewellyn-Hyndham record by five hours.

He now holds the record for the best time both to and from the Cape.

Many hundreds of people have assembled to greet him, and he finds facing them more difficult and trying than a mere umpteen thousand miles record smashing sky crawl. (EFFECTS)

That jump of five-feet down worries him rather. He

thinks posing for the camera is just about as pleasant as discovering a petrol leak

ten-thousand feet up. His next great flight is from the crowds!
